# NURTURED HEART

## Nurtured Heart Approach Parent Summit

### Come and learn “The Nurtured Heart Approach” (NHA)

(Based off of the Therapeutic Work of Howard Glasser)

**\*A parenting approach that works when traditional methods don't.\***

**An approach that was developed for intense, difficult children but was found to help all children shift to new patterns of success.**

**\*It's simple, promotes positive family relationships, and makes sense.\***

This approach is based on helping your children identify with their strengths rather than their weaknesses, establishing clear rules and consistent consequences, and avoiding mistakenly rewarding your children for negative behaviors.
